					considering the BQC technical for 32mm OR PE 80 /PE 100 for both 32mm and 63mm size pipes.	
3.	II	11 of 119	Technical Criteria - 1.3	Minimum Supplied quantity to meet technical qualification criteria	As being a standard clause in most of the tenders floated by CGD companies. We proposed to consider the inclusion of following clause. “If a bidder is eligible to bid for higher pipe size, bidder will be automatically eligible for lower pipe sizes, subject to meeting the minimum supplied quantity criteria on Cumulative basis” . This clause will help the bidder to quote for 32mm pipe size based on the experience in 63mm pipe size.	Tender Conditions Prevails
